FLR = Flared: crit success OR crit failure on a roll WITH CONSEQUENCES related to a talent in the constellation, opened or not (enemy rolls against you count) - or a GM award, or a week's training. Max 1 new Flare per constellation per session. Defenses are Constellations: Awareness, Evade, Guard, Endure, all Trained free at creation, along with Weapons Training. Armor never touches a Defense; it subtracts Protection from damage, and an Exposed Zone's Protection counts as 0. All tiers unlock at L1/5/13/19.

ATTACKS atk = level + style's attribute + Weapons proficiency | dmg = weapon dice + spec (E+2 M+3 L+4) + Might, minus Protection | MAP -5/-10
