initiative is usually an Awareness check: level + Wits + Awareness proficiency

FLR = Flared: crit success OR crit failure on a roll WITH CONSEQUENCES related to a talent in the constellation, opened or not (enemy rolls against you count) - or a GM award, or a week's training. Max 1 new Flare per constellation per session.

Defenses are Constellations: Awareness, Evade, Guard, Endure, all Trained free at creation, along with Weapons Training. Armor never touches a Defense; it subtracts Protection from damage, and an Exposed Zone's Protection counts as 0. All tiers unlock at L15/13/19.

[illegible]

DEGREES: beat the Threshold by 10 = crit success | nat 20/ steps one degree | a crit either direction on a consequential roll related to a constellation's talents -> that constellation Flares
