ARMOR & WOUNDS BY ZONE

		PROT	EXP	WOUNDS
HEAD	Leather cap	2	☐	☐☐
	1st Wound: no Reactions | final: Dying, unconscious			
TORSO	Leather cuirass	3	☐	☐☐
	1st Wound: Off-Guard, 1d4 persistent bleed | final: Dying			
ARMS	Leather bracers	2	☐	☐☐
	1st Wound: -2 Situation to attacks and Guard | final: arm useless, drop it			
LEGS	Leather leggings	2	☐	☐☐
	1st Wound: Speed halved | final: Prone, cannot Stand			

Protection comes off every instance of damage on that Zone, Grazes included (never below 1). Hits go to the Torso unless a Zone is Exposed: then a ❷/❸ Strike may land there at Protection 0, and a crit there Wounds it. Recenter ❶ clears Exposed and ends any Bind.

Wounds are per Zone (capacity 2 for Medium): a crit on an Exposed Zone with a ❷/❸ Strike, or any Hit while Spent. Recenter and rest never clear them: treating one is 10 minutes and Endure vs 10 + Wounds carried; a week of Downtime heals it. A Wound to a useless Arm or Leg goes to the Torso.

LOAD / LOAD STRAIN	0	0

Strain = armor + shield Load - matched harness - Endure relief: off Climb, Swim, Stealth. Wind, each round: Endure vs 10 + Strain or Fatigued +1 (max 3); no roll if Endure Threshold meets it.

DYING (1 to 5)	0

Torso or Head final Wound = Dying 1 (2 from a crit). Recovery each round: Endure vs 10 + Dying + Wounds carried. Damage while Dying +1 (+2 crit); Dying 5 is death.

VIGOR 10 + Opening Vigor + (Ancestry + Endure Bonus) x level

MAX	CURRENT	TEMP	SPENT
26	26		☐

0 Vigor: still standing, but every Hit Wounds the Zone struck, a crit twice; Grazes never Wound. Temp Vigor: one pool, larger replaces, spent first.

SPEED	STEP	RUSH	LEAP
6 ft	3 ft	30 ft	10 ft

Speed = feet per Move ❶ (Human 6). Step ❶ = half Speed, never provokes. Rush ❶ = 5 x Speed in a straight line, minus Load Strain. Leap ❶ = 10 ft minus Load Strain, or 3 ft up. Total Reach = natural (Medium 2 ft) + weapon.

ACTIONS ☐☐☐☐☐☐ RESERVED ☐

six at the start of each round; unspent ones expire

One Maneuver per Opportunity, or Pass. ❶ is free and keeps your Opportunity. Reactions ↺ spend from the same six, on anyone's Opportunity. A full circuit of Passes ends the round. Preparing ❶: 1 now, the rest reserved; finish or abandon at your next Opportunity.

INIT	+4

initiative is usually an Awareness check: Wits + Awareness proficiency (helm penalty applies)

TALENT CONSTELLATIONS pts: 1 Trained +3 | 4 Expert +6 | 9 Master +9 | 16 Legendary +12 (L1/5/10/15); attribute adds on top

FLR = Flared: crit success OR crit failure on a roll WITH CONSEQUENCES related to a talent in the constellation, opened or not (enemy rolls against you count) - or a GM award, or a week's training. Max 1 new Flare per constellation per session.

Defenses are Constellations: two Trained at creation, your choice; an Untrained Defense still adds its Attribute. Melee and Ranged are parents: points in a Combat Style count toward the parent's rank. Armor never touches a Defense; it subtracts Protection from damage.

	RANK	PROF	SPEC
MELEE	Trained	+3	-

	RANK	PROF	SPEC
RANGED	Untrained	+0	-

Melee: any weapon in your hand. Ranged: anything that leaves it, a thrown dagger included. Weapon dice: 1, then 2 at L4, 3 at L8, 4 at L12, 5 at L16. Specialization +2 Expert, +3 Master, +4 Legendary.

STRIKES

atk = d20 + Strike Attribute + Melee or Ranged proficiency | Strike Attribute = the higher of the weapon's (Might; Agility if Finesse or Ranged) and your Combat Style's Key Attribute | no multiple attack penalty

WEAPON	STYLE	STRIKE ATTR	ATK	DAMAGE	TRAITS / REACH
Rapier	Dueling	Agility +2	+5	1d8 P	Finesse, Deadly d8, Parry; Reach 4 ft
Dagger	Dueling / thrown	Agility +2	+5 / +0	1d4 P	Agile (❶ may crit), Close, Finesse, Thrown 10
Unarmed	no style	Agility +2	+5	1d4 B	Agile, Close, Finesse, Nonlethal; Adjacent

REACTIONS tick the ones your Training (or rank) grants; each costs ❶ of the six, on anyone's Opportunity. Stance: Evade | Guard | Void | Parry | Counter.

- ☐ Parry ❶↺ — Guard Training; rigid weapon or shield in hand. Guard +2 Situation. Stops a ❷/❸ Strike: take Control and riposte with a Quick Strike ❷.
- ☒ Void ❶↺ — Evade Training. Evade +2 Situation. If the attack is Stopped, Step in any direction.
- ☐ Counter ❶↺ — Melee Expert. Answer a melee Blow within your Reach with a Quick Strike; no Defense bonus; both resolve.
- ☒ Intercept ❶↺ — Melee Training. A foe Moves into your Total Reach (or Strikes with an Unwieldy weapon inside its distance): Quick Strike as they enter. Once per foe per Move.

BIND	☐ neutral	☐ controlling	☐ controlled	my implement	theirs

Guard with a rigid implement Stops a blow: neutral Bind. Parry Stops ❷/❸, or Guard answers a Miss: Control. Controlling: your partner has an Exposed Zone of your choice and -2 with that weapon; you may Close ❷. Ends when a Strike between you resolves, either Moves, Steps (Close excepted) or Recenters, a third party attacks the Controller, or the implement drops.

TALENTS name - effect in your own words (full text: page 2 / handbook)

- Sneak Attack (Calling point) - +1d6 precision vs Off-Guard foes; brought Stealth Training
- Surprise Attacker - round 1, foes that have not acted are Wrong-Footed to you
- Evade Training and Awareness Training (2 Defense points) - Void ❶↺ and the Give Ground ❶↺ Posture
- Skirmisher's Step (Comet) - your Steps ignore difficult terrain
- Kip Up (Comet) - Stand ❶ without triggering Reactions
- Background: Trained in Athletics, Acrobatics, and Lore (Circus). 14 minimum, 16 spent.

HERO POINTS	1 / 3

1 at session start, max 3; spend 1 to reroll any check, taking the new result; spend all (min 1) to refuse death. Talent points are NEVER banked: spend on receipt.

RESULT (you roll; the same bands read from either side): beat the Threshold by 10+ = Critical Hit: double damage, attacker picks the Zone | meet or beat = Hit: full damage to the Torso, or to an Exposed Zone for ❷/❸ | miss by less than 10 = Graze: one weapon die to a Zone the defender picks (min 1), position shifts the defender's way | miss by 10+ = Miss: nothing lands, attacker Exposed (defender's choice) | natural 20/1 steps one degree | either crit on a consequential roll Flares the Constellation.
STRIKES: ❶ Quick: a probe. One die + precision, on the Torso; no crit unless Agile; full Protection; Stopped, it costs nothing. ❷ Deliberate: all dice + specialization + Might; may land on an Exposed Zone (Protection 0); a Miss Exposes you. ❸ Committed: Prepared (1 now, 2 reserved, resolves at your next Opportunity) and Weighted: as Deliberate, any Hit may Expose a plausible Zone, and a Graze or Miss Exposes you. A Parry that Stops ❷/❸ takes Control of your weapon.
ANSWERING: Blow: Evade or Guard | Blast: Evade or Endure | Blight: Endure or Awareness | Beguilement: Awareness or Guard. Guard answers a ranged Blow only with a shield Raised; no Evade while Grabbed. The basic Defense is free; a Reaction ↺ costs ❶ of the same six; a Posture ❶↺ buys +2 Situation and Exposes a Zone until the end of the round. Support: +1 Situation to melee attacks per ally with the target in Reach, max +2. Evading a Graze gives 3 ft; a Guard with a rigid implement binds.
DAMAGE: ❷/❸ Hit = weapon dice + specialization + Might + bonuses - Protection | ❶ Hit = one die + precision - Protection | Graze = one die - Protection (min 1). A crit doubles dice and modifiers before Protection; a Deadly die lands after. Order: Immunity, total, Weakness, Resistance, double, Protection, Temporary Vigor, Vigor. Persistent damage lands at the end of the round; Endure vs 10 + the amount ends it.
GOING DOWN: 0 Vigor = Spent: every Hit Wounds the Zone struck, a crit twice; Grazes never Wound. A Torso or Head final Wound = Dying 1 (2 from a crit): unconscious; damage while Dying +1 (+2 crit); Dying 5 = dead. Recovery at the start of each round: Endure vs 10 + Dying + Wounds carried; crit success = up with 1 Vigor; success -1 (0 = stable); failure +1; crit failure +2. Refuse death: spend all Hero Points, Dying 0, stable at 0 Vigor, Wounds remain.

TALENT DETAILS

Chargen v4.10: Melee Training granted, then 13 points: 3 Origin (the three roots), 3 Skill (one is the Calling's), 1 Lore, 1 Calling, 2 Defense, 3 Comets.

Versatile Human's Opening point bought Dueling Training and Driven's Calling point bought Surprise Attacker: 14 minimum, 16 Talents.

Attributes are points / 4: Agility 8 = +2, Wits 4 = +1, Might 2 and Presence 2 = +0. No level on any die: Trained is +3, and a check is d20 + Attribute + Proficiency.

Thresholds are 10 + the same.

Humanity (Human T): +1 Condition bonus on checks to Aid. +2 at Expert, +3 at Master, +4 at Legendary.

Versatile Human (Bloodline, Wits): 1 Opening Talent Point, which opened Dueling.

Reacher (Kestrel Reach T, Wits): Reachspeak and Common, and +1 Condition to Diplomacy toward Reach folk, scaling with the Origin Constellation.

Sneak Attack (Ambusher T): +1d6 precision damage against Off-Guard foes, and Training in Stealth. Precision rides on a Quick Strike ❶ too, and never on a Graze.

Surprise Attacker (Ambusher T): in the first round, foes that have not acted yet are Wrong-Footed to you.

DEFENSES: Evade and Awareness Trained; between them they answer Blows, Blasts, Blights and Beguilement. Guard and Endure Untrained: Attribute only (+0),

Threshold 10. With the rapier in hand, Guard is +1 / Threshold 11 against melee Attacks: the Parry trait is a +1 Gear bonus.

REACTIONS: Void ❶↺ (Evade +2; Stopped: Step) and Intercept ❶↺ from Melee Training; Counter ❶↺ waits for Expert in Melee. No Parry Reaction without Guard

Training; the rapier's Parry trait still adds its +1 Gear to Guard. Posture: Give Ground ❶↺ (Evade +2, a Zone Exposed until the end of the round).

STRIKE ATTRIBUTE: rapier and dagger are Finesse and Dueling's Key Attribute is Agility, so Agility +2 either way. A thrown dagger rolls Ranged (Untrained, +0) with Might

(+0).

STRIKES: ❶ Quick 1d8 (+1d6 Sneak Attack if the foe is Off-Guard), Torso, no crit. ❷ Deliberate 1d8 + 0 Might, may take an Exposed Zone; a Miss Exposes her. ❸

Committed: Prepared and Weighted.

MATCHED HARNESS: four leather pieces, same material and Protection, so the Torso gets +1 Protection and Load Strain drops to 0. Leather turns slashing poorly: -1

Protection against it.

MOVEMENT: Speed 6 ft per Move ❶; Step ❶ 3 ft; Rush ❸ 30 ft in a straight line; Leap ❶ 10 ft. Skirmisher's Step: her Steps ignore difficult terrain.

VIGOR 26 = 10 + Ambusher Opening 8 (once) + Human 8; +8 per level (Human 8 + Endure Bonus 0 while Endure is Untrained). A night's rest restores level x Presence,

minimum the level (1). At 0 she is Spent: every Hit Wounds.

GOALS: Flare Dueling with a critical Feint. Grow Ambusher with Milestone points.

GEAR (no math - stories, traits and properties)

Full leather harness, cap to leggings (9 gp)

Rapier and juggling knives

Chalk, sash, climbing kit
